LIBERTY LOAN CAMPAIGN ON IN N. P. SHOPS AND YARDS

UNIVERSAL RAILWAY CAMPAIGN BEGAN APL. 6

Although Subscriptions Will be Turned in at St. Paul Office, Brainerd to Get Final Credit

Each Division Superintendent Made Chairman, Organized by Director General of Railways McAdoo

It has been announced several times in these columns that the solicitation for bonds in the Ninth Federal Reserve District, of which Minnesota is a member, would not begin until April 15th. This is correct so far as all but railway employees are concerned.

Director General of Railroads Wm. McAdoo, secretary of treasury in President Wilson's cabinet, has organized all railroads for a separate campaign. The railway employees are working for Uncle Sam now and he is going to give them a chance to make a record for themselves. Each division superintendent has been made a chairman and is expected to make a personal solicitation of the men under his direction. Every employee will be given a chance to subscribe, or else give a highly satisfactory reason why he does not do so. The rule is stringent.

The railway campaign began on April 6th all over the country. Brainerd shopmen are being canvassed this week and by Thursday this work will very likely be brought to a close. Although these subscriptions will be turned in at the St. Paul office, arrangements have been made whereby in the final accounting Brainerd will be given credit for the sum subscribed. In the second loan the Brainerd men subscribed close to \$15,000; it is a foregone conclusion that the amount this time will be much greater. Everywhere the desire and the will to do their most is at a high point.

Attorney J. B. Kinder, of Brainerd, has volunteered as a Liberty Loan speaker, and Wednesday evening will deliver an address at a patriotic meeting at Cross Lake, which is in the Jenkins district. Mr. J. G. Hammer of Jenkins, is chairman of the district. Carl Zapffe spoke at a loyalty meeting at Pequot last Friday before a large and enthusiastic audience. Thursday evening he speaks at River-ton. The Riverton district is out after an Honor Flag with a blue star on it. A blue star is added if a district doubles its allotted quota.

Friday evening the Brainerd solicitors will be given their instructions at a meeting in the council chambers. The Brainerd district is in charge of Mayor Beise.

There are many demands for speakers at meetings in the country school houses. Who will volunteer for this service?

I. W. W. Plan Change Name to Patriotic One

Chicago, April 10.—Government Attorney Nebeker says that the I. W. W. plan changing their name to that of Knights of the Stars and Stripes to create patriotic sentiment.

Irish Conscription Advocated by George Praised by Press

London, April 10.—The newspapers are praising the courage of Premier Lloyd George in demanding Irish conscription and the press is of the opinion that the threatened opposition will be purely local.

Germans Mutiny Fire on Officers Killing Three

(By United Press)
Amsterdam, April 10.—Accounts from the Belgian frontier say that extensive mutiny in the German military camp at Beverloo prevails. German soldiers fired upon the officers killing three and wounding many. 17 soldiers were placed under arrest.

Bloody Hand to Hand Fighting Near Armentieres

(By United Press)
With British Aid, April 10.—From LaBasse to Armentieres terrific fighting continued last night as bloody hand to hand fighting is reported around Armentieres and at the high ground around Givenchy. The enemy attacks failed at both places.

Staking All On Western Offensive Seems the Verdict

(By United Press)
Washington, April 10.—While Germany is staking her all on the western offensive the allies and America have answered they too will stake all and do it now. This is Washington's view of Lloyd George's answer.

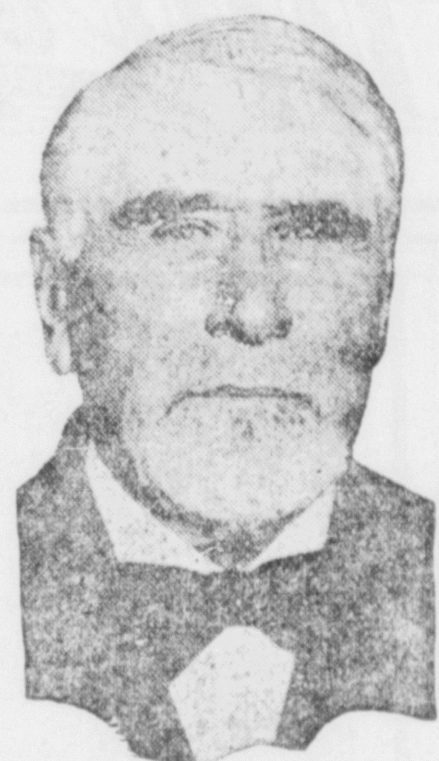

Situation Unchanged On Western Front Fighting Continues

(By United Press)
London, April 10.—Gen. Haig reported heavy fighting continued north of LaBasse canal yesterday evening and last night, the British holding desperately along the Lys and Lawee rivers. By counter attacking on the southern flank the British recaptured Givenchy. Local fighting reported south of Somme. The situation is unchanged.

Places Country's Business Under Federal Control

(By United Press)
Washington April 10.—The war industries board has finished the new priority order for rail transportation the purpose of which is to provide for the conservation of fuel and raw materials by placing the industries in the order of relative importance which practically places the business of the country under federal control. The automobile and candy manufacturers are hit hard as no provision is made for them until the vital needs of the country is supplied.

SENATOR NELSON Calls on senate to cease quibbling and speed victory.

Knute Nelson, Minnesota's veteran senator, has just declared before the senate in urging the passage of the Overman sedition bill, that drastic war measures must be looked at by Congress in a broad way. To his rebellious associates, Mr. Nelson has this to say: "A great many things have occurred which are distasteful to me, but I shut my eyes against them. I cast all that aside. I am eager to make our government successful in this war and to put our people into the proper spirit and attitude for carrying it on, that I am even ready to swallow a Bolsheviki lion if he goes my way." The senator also declared war on the I. W. W.

Artillery Fire Along Wide Front

Paris, April 10.—An official bulletin reports great mutual artillery fire along the wide front by the French and Americans from the south of Verdun to East St. Mihiel.

FRENZIED EFFORTS SPLIT BRITISH LINE SPREAD INTO BELGIUM

(By United Press)
Gen. von Hindenburg's frenzied efforts to split the British line in Flanders and roll the northern flank back to the North Sea opening a way to channel ports has spread into Belgium along the 20-mile front. The fighting of yesterday northward a tangent of Hindenburg's offensive line has spread to the line from LaBasse canal to the Lys river. The Belgian frontier crosses the battle front at a sharp angle at Lys a mile north of Armentieres.

Largest Single Casualty List Has Been Issued

(By United Press)
Washington, April 10.—The largest single casualty list to date has been issued by the war department and contains names of 253, five of whom were killed in action, three dead of wounds and eleven of disease, while ten were killed in accidents, ten wounded seriously and 245 wounded slightly. Two are missing in action.

Americans Arrive at British Front

(By United Press)
With the British Aid, April 10.—The first Americans have arrived at the British front, including infantry, airmen and engineers.

BENEDICT CROWELL Acting war secretary says troops are crossing rapidly.

Major Benedict Crowell, who is acting Secretary of War, states that transportation of American troops to France already is proceeding at the accelerated rate contemplated by the speeding-up measures taken after the battle of Meuse began. For military reasons the extent of the increased troop movement has not been made public.

Mexican Bandits Attack Americans Along Rio Grande

(By United Press)
El Hancock, Texas, April 10.—United States troops and Mexican bandits skirmished this morning along the Rio Grande, the Mexicans attempting to cross the river to raid small American village and ranches.

Rush Troops to Scene

El Paso, April 10.—United States troops were rushed to El Hancock to reinforce the Americans attacked by Mexican bandits this morning.

Two New French Guns Used in Great Battle of West Front

These photographs of new French guns have just arrived in the United States, and the information came with them that the weapons had been completed in time to be used in the great battle now raging on the western front. The larger gun, that of 240 millimetres in diameter, about 9 1/2 inches, must be shot from a specially designed iron platform. The other gun, that of 145 millimetres, about 5 7/10 inches, is mounted on a carriage, which is drawn on heavy rubber-tired wheels. These are some of the new French artillery, it is believed, which has been used in halting the great German drive.

JUDGE JAMES T. HALE ADDRESSES ASSESSORS

Member of State Tax Commission Confers With Them in Regard to Real and Personal Property

Main Duty to Give All Property True and Full Market Value, Assessing According to Rules

On April 10th James T. Hale, of the state tax commission, conferred with the assessors of this county in regard to their duties in valuing the real and personal property of the county this year.

He told them that their main duty was to give to all property its true and full market value and then to assess it for the various percentages of true and full value as provided by the classified assessment law now in force in this state.

The amount of money raised by taxation does not depend upon the assessors' figures. The legislature, county commissioners, town meetings, village and city aldermen, and school boards, vote the amount to be raised by taxation.

Whether each and every taxpayer pays his just and due proportion of the taxes voted depends of course upon the valuation placed upon his property by the assessor, so every taxpayer is interested in seeing that every other taxpayer's property is valued at its percentage of true and full value.

Complaints of over-assessment are quite frequent, but they mostly come from the taxpayer comparing his taxable valuation with his neighbor's and if he finds his neighbor's property is undervalued by the assessor he claims he has not been fairly treated. So it becomes very important for the assessor to be careful and value all property at its true and full value and then assess it at its proper percentage of true and full value, otherwise he will hear many complaints and he justly should.

If a taxpayer is undervalued he pays less of the taxes than he should, and, as a consequence the man whose property is valued as it should he pays more taxes than he should. He practically pays part of the taxes of the man who is undervalued, so it depends upon the assessors whether the taxpayers pay their proper proportion of the taxes.

If the assessments are all fairly made it then depends entirely upon the voters whether their taxes are high or low according to the amounts they or their representatives vote to spend.

Paying a just and equitable share of taxes is a duty a citizen owes to his country.

Taxes may not seem to have much to do with the loyalty of our citizens, but when we consider that taxes educate our youth, build our roads and take care of our public institutions, we can see they have a good deal to do with present and future generations being able to give better service to their country and to make a better nation.

Ignorant nations, nations with very little internal improvements, have little efficiency in times of war or times of peace.

Out of every hundred dollars of taxes paid by the taxpayers of Crow Wing county this year \$5.63 will go to the state, \$38.46 will go to education, \$18.16 will go to the road and bridge fund, \$15.93 will go to the county, \$19.60 will go to the cities and villages, \$2.22 will go to townships, and for every dollar the county will pay the state in taxes this year the county got back from the state treasury in the fiscal year ending August 1, 1917, 74 cents for roads, schools, etc.

Mr. Hale told the assessors that (Continued on page 4)

At the Second Session of the Red River Presbyterian's Spring Meeting on Tuesday Evening

"THE LORD ON THE WAR PATH"

The Theme of the Speaker, Rev. F. B. Stevenson of Crosby, Business Session in Afternoon

A very appreciative congregation gathered at the Presbyterian church last evening in the second session of the Red River Presbyterian's spring meeting. The service was given up to the opening sermon of the Presbyterian, by the Moderator, Rev. F. B. Stevenson of Crosby.

The speaker announced as his theme, "The Lord on the War Path," the text being found in Exodus fifteen chapter, third verse.

The discourse was a most original and spiritual exposition of God's relation to the world war. The cause was sought farther back than kings and kaisers and found in the three all prevailing lusts, viz, that for pleasure, that for wealth, that for power. Every lust against God is to be included under these three. Pleasure is the lust of youth, wealth that of mid-age, power that of advanced age.

France exemplified the lust for pleasure, Great Britain that for wealth Germany that for power. And while the nations are warring for a principle, God is warring for a deeper one. He is warring for the destruction, or at least the abatement of these evil lusts. The pleasures of gay Paris are smitten, the wealth of Britain is being consumed by the fires of war, the power and people of Germany are being exhausted.

The United States is in the war because God is warring against her lusts for pleasure and wealth. God brought her in. We have not been guilty of the lust for power, but of these other two we have.

God's way in war is usually to chastise the right side for its sins and finally give victory, punishing the wrong side fully in the end. Thus the Allies, on the right side, have had a good drubbing, but when they have been chastened for their own sins they will be sent forward to a victory that will punish the enemy.

In our own land as in others God is not only making a drive against these two great lusts, but he is giving young men some better employment than riotous living, even if it be in

the trenches. He is giving the idle daughters of luxury profitable employment on behalf of others. He is making a readjustment of conditions which have been very much askew. God is on the war path, and He will be the victor, accomplishing fully His purpose.

The afternoon session of the Presbyterian yesterday was devoted exclusively to business.

The address on the "Moral Aim of the War" by speakers of the National Committee on the Churches, will not be given this evening on account of the failure, at the last moment, of all the speakers planned for. The evening session will be merged with the Sunday School efficiency meetings which are being held by special workers at Bethlehem Norwegian Lutheran church, South Seventh Street. Special attention is called to this change.

Evangelical Aid

Because of sickness in the home of Mrs. A. Shepherd, who was to entertain the Evangelical Ladies Aid, assisted by Mrs. J. L. "What Your Grocer has Promised to do and What You Must do to Help Him"

T. F. WHITMARSH STORY

President National Wholesale Grocers' Association in Ladies Home Journal Article

What your grocer has promised to do and what you must do to help him is covered in an article of Theo. F. Whitmarsh, president of the National Wholesale Grocers' association as contributed to the Ladies' Home Journal and which the Ladies Auxiliary of the Public Safety Commission has asked the Dispatch to reprint. The article follows:

In the present national emergency it is the duty of dealers in foodstuffs to deliver to the public the necessities of life at the lowest possible prices. All unnecessary service should be eliminated to effect the greatest possible saving in labor and equipment. Any disposition on the part of the consumer to hoard foods or to buy in quantities in excess of normal or regular requirement should be discouraged. Leading men of the trade, representing practically all of the dealers in the country, have, in co-operation with the Food Administration, adopted a program by which it is believed the desired end may be achieved. Its success depends very largely upon the patriotic and loyal co-operation of the public.

Dividing Savings With You. Perhaps you haven't realized how expensive are the "free" delivery services which have grown up in the competition among merchants to cater to your convenience. On an average it costs a store from seven cents and a half to eleven cents and a half to make every delivery at your house. Often the cost of delivery exceeds the sale price of the article delivered, and every cent of a store's delivery expense is paid by all its customers. The cost of delivery may not be added to the particular article you purchase, but it is reflected in the prices of all goods sold.

And even if there were not a cent of saving, remember that whole fleets of automobiles, whole battalions of men, are engaged in retail delivery services at a moment when industries vital to the war are crying for labor. The importance of releasing these men for the war is already attained. The results already attained are a campaign for reduction of deliveries. For example, 24 men out of a total of 167 were released for other service when one store reduced its daily deliveries from three to two. Twelve automobiles were released from a total of 56 when another store made the same reduction.

A word from you may influence your dealer either way on this feature of the war program for his trade. Keep in mind that you are not yet called upon to carry home all your sugar and coffee. Have them delivered, if you like—through doubtless lower prices in the stores which have been dispensed with delivery service will prove an attraction to many. When your purchases so as to make between demand upon your dealer for delivery service.

Think over all that you need before going to the store or calling on the delivery man. Do your ordering early or, better still, order for delivery tomorrow, or still better, order for two or three days at a time. Remember that fear of losing your trade may make your grocer hesitate to institute delivery reforms. Go farther and tell him you would be glad to co-operate with him in a reduction of delivery service.

Of course it is assumed by the Commercial Economy Board that merchants will promptly pass on to their customers the results of savings through a reduction in delivery service. The public is not invited to co-operate toward reduced services to the consumer merely to make more money for the dealer and themselves. It is to release men and material for war purposes. On the other hand, you are asked to accept reduced delivery service not primarily because it may save you or anyone else a little money but because it is a war necessity and a patriotic duty.

In connection with delivery economies, the grocers' war program includes the recommendation that co-operative delivery services be established wherever local conditions make it feasible. By this system, instead of their calling at your house daily the delivery wagons of the grocer, the butcher, the dry goods store and perhaps the furniture dealer, one wagon brings to you all the goods ordered by you that day from all the stores.

Such co-operative delivery services are possible only when the merchants of a town get together and merge their delivery service into one establishment to be run not for profit, but for the mutual interest of all merchants and their customers. Has the co-operative delivery service been tried in your town?

If not, why not suggest it?

Annual Y. M. C. A. Meeting

The annual meeting of the Y. M. C. A. will be held on Thursday evening, April 11, from 7 until 8 o'clock. Following this will come the regular monthly business meeting. All members are requested to be present as five new members of the board of directors are to be elected.

Mid-Week Service

The mid-week service of the First Congregational church will be held Thursday evening at the home of Mr. and Mrs. George Thomas, North 9th Street; meeting commences at 7:30 o'clock.

JUDGE JAMES T. HALE ADDRESSES ASSESSORS

(Continued from page 1)

one of the difficulties they would encounter in their work would be assessing property now classed as "money and credits" which consists of promissory notes, bonds, book accounts, money on deposit in banks, stocks of foreign corporations, etc., because of it not being possible for the assessor to see the same, but that they were expected to follow the law strictly and if any citizen refused to make a sworn statement as to "money and credits" to levy an arbitrary assessment against him.

The tax on "money and credits" has been fixed by law at three mills on the dollar of value and being so much lower than the rate on all other classes of property the tax commission expects every person to make a report on the same. If he makes no sworn report stating that he either has, or has not any money and credits the law requires the assessor to make an arbitrary assessment against him and add fifty per cent thereto as a penalty for not making a sworn report.

The meeting of the assessors was in session for some hours and all the different phases of the tax laws were gone into by the tax commissioner and discussions of considerable interest were carried on.

PROPHETIC BIBLE STUDY

Week at the Swedish Baptist Church April 14-21 Conducted by Pastor Rev. P. Alfred Peterson

A week of prophetic Bible study will be conducted from April 14 to 21. All services, except Sunday evenings, will be conducted in the Swedish language. Weekly services begin at 8 o'clock. Charts will be used to illustrate the lectures.

This is the program: Sunday, April 14—Morning, 10:30, "The Blessed Hope." Evening, 8:00, "The Signs of the End of the Age."

Tuesday, April 16—An illustrated outline-study of the Book of Revelation.

Wednesday, April 17—Time, "past, present and future."

Thursday, April 18—Resurrection and Judgments.

Friday, April 19—The Great Tribulation and Order of Events.

Sunday, April 21—Morning, 10:30, "The Millennial Age and Events That Follow." Evening, 8:00, "Watch Ye, Therefore."

ENDORSED AT HOME

Such Proof as This Should Convince Any Brainerd Citizen

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experiences when it is for the public good is an act of kindness that should be appreciated.

The following statement given by a resident of Brainerd adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it. J. C. Highe, traveling salesman, 402 S. Sixth St., says: "I am a strong believer in Doan's Kidney Pills for I have always found them very satisfactory. I have used them several times when suffering from lameness in my back and trouble with the kidney secretions. I have no hesitancy in giving them my endorsement."

Write for all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Highe had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Your Flag and my Flag?
 And, oh, how much it holds
 Of your Land and my Land
 Safe within its folds.
 Your heart and my heart
 Beat quicker at the sight.
 Sun-kissed and wind-kissed.
 The Red, the Blue and White!
 The one Flag—the Great Flag—
 The Flag for me and you—
 Glorified the whole world wide—
 The Red, the White, the Blue!

HOW MANY DO YOU KNOW?

How many people do you know who can not buy a Third Liberty Loan Bond?

We don't mean how many will not find it convenient.

How many people by a little sacrifice or extra work or planning or borrowing can not possibly buy a Third Liberty Loan Bond?

Is it 10% of your acquaintances? Maybe. Certainly not more than 25%.

Then, what is to prevent 25% of the people of the Ninth Federal Reserve District from subscribing to Third Liberty Loan Bonds?

Nothing but ignorance, indolence or treason.

Let's have the very smallest percentage of ignorance, indolence and treason of any district in the United States.

In other words let us see to it that the Ninth District leads America in the percentage of people subscribing to the Third Liberty Loan Bonds.

We can do it if every man who reads this—goes his limit.

It will help clear the way to victory.
 Make it a sure 25% subscription.

WILL WE RESPOND?

The crucial test of the world cataclysm is being made in France.

We feel the thrill of the Titanic struggle even in still-safe America.

Our sons and brothers and pals are within the sound of its mighty din.

They will do their part, sell their lives dearly, when ordered forward.

We are facing the most crucial test that we stay-at-homes have been called upon to face—the Third Liberty Loan test.

It isn't much compared with offering our lives in France, but it is necessary. It is our duty. Will we respond?

We will.

How would you like to see a soldier run his bayonet through the body of your baby in its crib? Belgian and French fathers and mothers have seen this done by the German officers and soldiers in this war.

Germany has now floated seven or eight huge loans, and their resources are not a fraction of those of the United States.

This is your war. The Liberty Loan is your investment. Do your part.

Your money can't be neutral—is it for or against America?

TRACTOR DEMONSTRATION

Heider Tractor of Shipp-Gruenhagen Co. Plows Satisfactorily at the Elder and Marea Farms

The Heider tractor demonstration carried out by the Shipp-Gruenhagen Co. at the James M. Elder farm was very successful and Mr. Thomas was well pleased with the plowing. It did excellent work in stony ground. He said he plowed 26 acres in four days and used about seven quarts of kerosene per acre. The tractor pulled two bottom plows.

At the M. Marea farm it was surprising to see how quickly and well it worked in loose soil and Mr. Marea was more than pleased. Ed Gruenhagen, of the Shipp-Gruenhagen implement department, had charge of the demonstrations at both farms and many people were attracted to the scene and witnessed the plowing done.

NOTICE TO CONTRACTORS

Sealed bids, marked Proposals for Sewer, will be received by the City Clerk, City of Brainerd, up to 3 o'clock P. M., May 10th, 1918 for the construction of three lateral sewers, all requiring 8 inch vitrified sewer pipe, viz:

Lateral Sewer No. 1—District No. 7: Commencing at manhole at intersection of Quince Street and South Fifth Street, said City, running thence west to the manhole at the intersection of 7th and Quince Streets for a distance of two blocks. Length of sewer, 740 feet. 2 manholes, 2 lamp-holes.

Lateral Sewer No. 2—District No. 4: Beginning at manhole on 6th Street at intersection of Quince Street, thence running south for a distance of three blocks to intersection of 6th and Tenth Streets. Length of sewer 1144 feet. 3 manholes, 2 lamp-holes.

Lateral Sewer No. 3—District No. 4: Beginning at manhole on 6th Street at intersection of Quince Street, thence running south for a distance of three blocks to intersection of 6th and Tenth Streets. Length of sewer 1144 feet. 3 manholes, 2 lamp-holes.

Certified checks for at least fifteen per cent of amount bid to accompany each proposal. The City Council of said City reserves the right to reject any or all bids.

LLOYD GEORGE MAKES BOLD BID

British Premier Asks Home Rule for Ireland With Conscription of Irishmen.

TELLS NEW WAR PLANS

Proposal Brings Threats of Rebellion From Irish Delegates But Minister is Supported By Vote of 299 to 80.

London, April 10.—By coupling home rule for Ireland with conscription for Irishmen David Lloyd George, the British prime minister has made the boldest stroke of his career.

In one of the most momentous speeches of any allied statesman since the war began, the premier brought forward the war cabinet's new plans to raise future British armies.

The proposals included in the man power bill consist of sweeping changes in the present regulations under which every physically fit man between the ages of 18 and 25 will be drafted without recourse to exemption claims; raising of the military age limit to 50 years and in some cases to 55. Sweeping cancellation of exemptions now in force will immediately be resorted to.

Rebellion Threatened.

The proposal for conscription of Irishmen immediately brought forth open threats of rebellion, but despite the violent opposition of the Irish delegations the premier was granted permission to introduce the man power bill by a vote of 299 to 80.

Mr. Lloyd George's speech revealed that the Irish convention had not reached any agreement and that the constructive work must be done by the cabinet, guided somewhat by Irish opinion as revealed in the debates of the convention.

General Foch Supreme.

The most important statement in the premier's speech apart from Ireland was that General Foch had been appointed supreme director of the strategy of the Allied armies on the Western front, which is taken to mean that he has superseded the Versailles war council.

John Dillon and Joseph Devlin, the Irish leaders were foremost in declaring open questions to the premier's plans.

Dillon declared a bill applying conscription to Ireland would plunge the country into bloodshed and would open a new war front.

Pretext is Voiced.

William O'Brien protested against what he termed the government's "offering a shadow of a sham home rule in order to impose upon Ireland a naked military despotism, which it dared not impose on Australia."

The premier said he hoped to get the bill through this week, but was interrupted by an Irish member who shouted, "You will have to get us out of the House first."

OCEAN TONNAGE INCREASES

That Under U. S. Control Grows One-Fifth in March.

Washington, April 10.—An increase of 29 per cent in the amount of tonnage shipped across the Atlantic in March was gained through close co-operation of the ship control committee, the Shipping board and the War department, in directing the movement of traffic. Officials confidently predict that the efficiency in handling was growing and would mean a gain of 20 per cent on tonnage during April.

The strength of the non-fighting fleet which the United States has contributed to the aid of the Allies became known today for the first time. A total of 390 U. S. vessels or vessels under American control now are in the trans-Atlantic trade, with a tonnage of 2,762,605. Of these 322 fly the American flag, while 68 are chartered ships of neutral nations. The American ships have a carrying capacity of 2,365,344 tons.

USE BRITISH BATTLE PLANES

Americans Concede Allied Craft Superior to Liberty Motor.

Washington, April 10.—A pooling of Allied airplane production to speed work in all kinds of planes is now in force. It has just been learned. The American government will produce training, bombing, scouting and photo planes, releasing French and British plants for battleplanes. This new program, it is said, will be the most optimistic feature of the senate military committee report now being completed.

BUY U. S. BONDS

U. S. To Pay For Damage Done.

Washington, April 10.—A bill to provide for the indemnification of citizens of France for damage done by the American army was introduced by Senator Robinson and referred to the claims committee. The legislation was suggested by General Pershing who explained that such indemnification was made by Great Britain and that failure of the American army to reimburse citizens whose property was damaged in the course of the army's training or movements created an unfavorable impression.

Obituary

(Contributed)

At 3 P. M. Tuesday in the Evangelical church the last respects were paid to the deceased Franklin M. Davis. Preceding the service at the church a short service at the house. This service was attended by the members of the Brotherhood of Railway Carmen of America, in a body, of which the deceased was a member.

The church was filled to capacity with relatives and friends and fellow workers who came to pay their last respects to their loving husband and brother, their loyal comrade and devoted Christian worker.

The service began by the choir singing "Rock of Ages," followed by prayer from Ensign B. Knutsen. The congregation led by the choir sang "When the Roll is Called up Yonder," and a short review of the life of the deceased was given by Captain V. J. Huffman of Superior, who conducted the service.

In respect to his experience the Captain remarked that no more fitting thing could be said than David's expression of happiness when he said "His delight is in the law of the Lord and in His law doth he meditate day and night."

Ensign Knutsen, in making a few remarks recalled the time when Brother Davis presented himself to God at the Salvation Army penitential form, and he praised God that his last testimony was one of victory and assurance of God's smile.

Again the melody of sweet music floated from the choir loft in the strains of "Abide With Me," after which Captain Huffman announced that parts of the first verses of the 24th, 97th and 99th psalm were the basis of his remarks. In part the Captain said we all acknowledge that the Lord reigneth, that in some respects in doing it we tremble but to realize it with rejoicing we must in a special manner personally realize that the earth is the Lord's and the fullness thereof.

There are special times when humanity is brought face to face with divinity and made to realize its responsibility to and dependability upon the Lord of Host and death is one of these occasions.

In speaking to the relatives he said with a steadfast hope and an unwavering faith in the infinite understanding of a loving saviour maintain your confidence and although mourning yet it is not as one without hope for he has left this testimony behind that all was well.

Turning to his workmates he said, "You who have associated in your union, exchanged confidences over the dinner pail, born the heat of the day together, and have seen his Godly life and heard his straightforward testimony and are assured that his life was a triumphant one, I say so 'I've that when time shall be no more, and time shall pass away, that you may be ready to sit down at the banquet table of the marriage supper of the Lamb. He finished with an earnest appeal that all present acknowledge that the earth is the Lord's and the fullness hereof in such a manner that when the Lord reigneth the people will rejoice.

In closing the service Dr. and Mrs. E. E. Long sang "Asleep in Jesus." The relatives attending the funeral were Mrs. Frank Davis, wife of the deceased; Captain and Mrs. T. M. Larson (Mrs. Larson is a sister of Mrs. Davis) and Charles Davis of Southaven; Lester Davis, of River-ton; Fred and John Davis and wives from Dykeman, all brothers, and Mrs. Maud Olson of Grenora, N. D., his sister.

He Can Rest Fine Now.

"I suffer greatly from kidney and bladder trouble," writes F. B. Fairbank, 55 Grand River Ave., W. Detroit, Mich. "Had to get up six or seven times during the night. Foley Kidney Pills have worked wonders and I can recommend them as the best medicine I have ever taken." Tonic in action; quick, sure. H. P. Duane, druggist.

BUILDS BIG BARN

F. H. Gruenhagen Replacing Structure Destroyed by Fire on Echo Stock Farm

F. H. Gruenhagen is building a new barn on his Echo stock farm at Brainerd city limits to replace the one destroyed by fire in the early winter. Greater than the loss of the barn at the time, was the entire destruction of his fine herd of Holsteins. The new barn measures 36 by 80 feet and faces north and south. It has cement foundation and cement floors and the silo is located at one corner of it. Milking machinery will be installed as well as all the latest barn appliances.

Mr. Gruenhagen will acquire another herd of Holsteins. He has done

much to interest farmers in pure bred cattle, showing by example that they thrived in Crow Wing county and were money makers.

Pilgrimages.

Of all the races and religions which send pilgrims to Jerusalem, there are none more strange and pathetic than those Russian peasants who come from the depths of their steppes to visit the holy places of their faith. They may be seen winding their way in small groups along the camel track which crosses the plain of Sharon and the mountains of Ephraim, singing their haunting Slav laments. These are the monks of old Russia, neighbors, perhaps, in some far-off village, who set out together on this great pilgrimage, for which they have saved every kopeck all their lives.—Christian Science Monitor.

Meat is as Necessary as Steel and Ships

Food is the first essential of the fighting forces.

The American farmer and the packer have met every war emergency, and have promptly furnished an adequate supply of wholesome meat.

No other industry can claim a better record of war time efficiency.

Swift & Company has shipped to the United States Government and the Allied Nations,

Over 12,000,000 Pounds (400 carloads) per week, of beef, pork, and lard, since January 1, 1918.

In one week recently we shipped 24,000,000 Pounds (800 carloads), and the demand is increasing.

Our profits are limited by the Food Administration to 9 per cent on investment in the meat departments. (This means about 2 cents on each dollar of sales.) No profit is guaranteed.

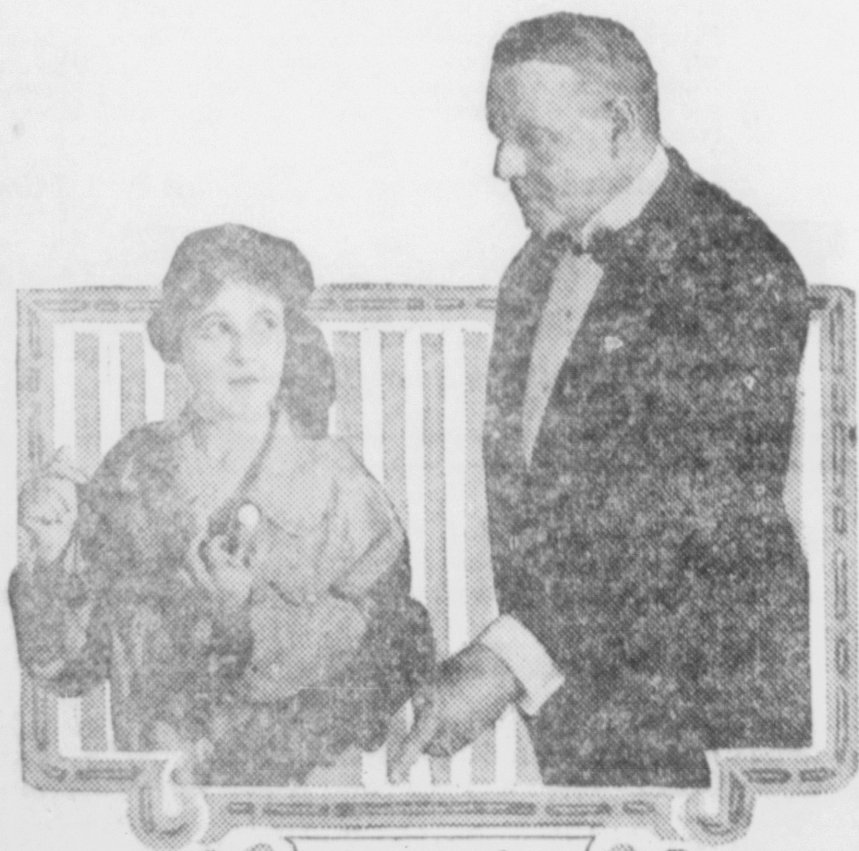

We are co-operating with the Government to the best of our ability.

***** BRAINERD'S ODDEST STORIES OF TODAY

One of the meanest robberies perpetrated in Brainerd was by the guy who stole a wheel off the Ford of Joe Rudolph. When Joe tried to start the car he found it wouldn't operate with only three.

After 90 per cent of the schools and teachers and hundreds of Brainerd people have been vaccinated and the small-pox epidemic checked, some anti-vaccination faddists have a booklet distributed about Brainerd terming vaccination a serum-vaccine therapy fad. The pamphlet was arranged by P. P. Myers, D. C. It gives a list of thirty-six different kinds of trouble it charges results from smallpox. Of course, when one of these anti-vaccination boys get the smallpox because he was not vaccinated and sits in a post house the pamphlet makes good reading. What preventative against the smallpox has the anti-vaccinationist to offer?

40 MEN TO THE COLORS SOON

Minnesota, excepting Ramsey, Hennepin and St. Louis counties, must furnish 2,086 men for the National army in the five days period beginning April 26. Mayor John P. Snyder, aide to General Rhinow, has announced. Crow Wing county's quota is forty.

The men are to be taken in the sequence of their order number, subject to the special rule for exemptions of men actually engaged in crop production.

BRAINERD ELKS TO LITTLE FALLS

Fleet of Automobiles will Carry 60 or More to that City on Thursday Evening

TO WITNESS THE INSTALLATION

William V. Turcotte, Chairman of Entertainment Committee, to Lead Parade

When the Little Falls Elks tendered an invitation to Brainerd lodge to visit their hospitable lodge room Thursday evening on the occasion of their initiatory work and installation ceremonies, it was accepted and under the guidance of Hon. William V. Turcotte, chairman of the entertainment committee, a fleet of cars has been assembled which will carry some sixty local Elks to the scene of the ceremony.

The road to Little Falls is good. Road drags have taken out the bumps. Little Falls will have the top lights of the street lamps blazing a welcome. Six shrinking fawns are to receive their antlers. These violets of the dell will get—well, they'll get all that's coming to them. Brainerd Elks are expected to gather at Elks hall at 5:30 to arrange the line of march and get started.

Bill Turcotte may be prevailed upon to take the Turcotte-Hardy bus along with auto and tire repairs to patch up blowouts on the road, adjust carburetors and revive dead headlights. Extra gasoline may also be carried.

"The World Has Ended—Millions New Living May Never Die"

So says J. A. Meggison of New York, Bible lecturer who is to speak here Sunday, April 14, at 3 o'clock in the afternoon in Camels hall.

Mr. Meggison has made a special study of prophecy in the light of present day conditions and the lecture will prove of great interest to those who have noticed how closely the world war fulfills the prophecies of the Bible relating to the end of the world. This lecture will be given free of charge.

EAGLES BUY BONDS

Brainerd Eagles Invest in \$500 Liberty Loan Bonds, Now Has over 375 Members

Brainerd lodge of Eagles voted to buy \$500 Liberty Loan bonds. The lodge will be largely represented at the St. Cloud state convention to be held June 11, 12 and 13, a fleet of cars making the trip.

Brainerd lodge has over 375 members now. At the May 28th meeting another large class is to be initiated. No deputies are at work, the members themselves gaining the candidates.

Doty, Royalton; A. M. Stoll, Little Falls. E. W. Kalther and Warren Gibson represented the local Red Cross chapter. The above six baseball representatives from the cities to be in the league constitute the directors of the newly organized league. The following men were elected to the different offices: Honorary president, Dr. J. A. Thabes of Brainerd; honorary vice president, Charles Sylvester of Little Falls; president, F. C. Cook; vice president, A. M. Stoll; secretary, J. L. Cross.

After the election of the officers the naming of the league was brought up for discussion which resulted in all the directors favoring that the league be called the Central Minnesota Red Cross Baseball League.

A committee composed of E. J. Hall, F. C. Cook and Peter Newman was appointed to meet at Brainerd Friday, April 12, to draw up a schedule and have it ready to present at the meeting of the league directors to be held at Brainerd on Monday, April 22, at which time it will be adopted and a constitution and by-laws drawn up and ratified.

To make all the teams in the league evenly matched it was decided to allow all the towns under 2,000 inhabitants to draw players from different districts. Only two towns come under this ruling, Verndale and Royalton. The former will be allowed to draw players from Bertha, Hewitt and Wadena and the latter from Buckman, Pierz and Rice.

All players on the different teams must play without receiving any pay, but all expenses will be paid. The local Red Cross must pay the meal expenses of any team that comes to this city and must see that the local team gets transportation to other cities when playing out of Little Falls. The chapters from all the cities in the league will be obliged to work along similar lines. The total gate receipts will be taken by the local chapters and also any expenses will be handled by them. The league organization will only have jurisdiction over the ball players and playing. All baseball materials and any minor expenses will be handled by the chapters.

It was decided to play the opening game of the season on May 5 and the last game of the season to be about the first of September. A 20-game schedule is being planned for.

The roster of players for each city must be made up and presented to the directors' meeting to be held April 22. It is planned not to hire any players to strengthen up any team but to try to make all the teams in the league as evenly balanced as possible so as to warrant better and more interesting games to the fans.

The Royalton delegates showed very much interest in the plan of a league and when called up Sunday afternoon to come to the meeting had on the scene exactly one hour later three representatives who put their signatures on the list for the league. Royalton has always been a town that was wide awake to good opportunities and must be given credit, although it is much smaller than some of the other towns in the league. It is willing to join in order to help the Red Cross chapters to raise funds for the men who are fighting for world freedom in France. And Royalton players can be banked on to give a very good account of themselves not only in putting a good team in the field to battle for honors against the other league teams, but also in seeing that a large attendance is present at their home games so as to raise their local chapter funds.

The Little Falls baseball players will hold their first practice of the season on Sunday, April 14, at the fair grounds. All players are urged to be present for this practice so as to give this city a fairly good start for the coming summer.

C. W. DEERING IN "PINAFORE"

To be Presented at Brainerd Opera House on Friday, April 19. Benefit K. C. and Y. M. C. A.

The title Rt. Hon. Sir Joseph Porter, K. C. B., carries with it much significance, and truly it should when we learn that Sir Joseph is the First Lord of the Admiralty and is ruler of the Queen's Nave. Our first glimpse of Sir Joseph is had when, accompanied by a crowd of blushing beauties he crosses from Portsmouth in a barge and stalks out onto the quarterdeck of the "Pinafore," which lies at anchor off Portsmouth.

This noble personage is received with great rejoicing, cheering and demonstration, by the Captain of Pinafore, boatswain, sailors and female

relatives of Sir Joseph who appeared on deck in advance of the appearance of Sir Joseph. Sir Joseph has a mighty voice of excellent tone quality and full throated sonority. His songs are exceedingly humorous and

well worded, accompanied by a stirring rhythm and good melody.

C. W. Deering, who consented to have the title Sir Joseph Porter, K. C. B., conferred upon him is eminently suited to represent the First Lord of the Admiralty and does complete justice to such an important role. Mr. Deering is widely known in this community, not only as a genuine type of good fellow which is the requisite for this role, but as a vocalist and singer as well. Sir Joseph is going to make one of the biggest

hits of the entire production and you cannot afford to miss it.

Remember you are contributing directly to the K. C. and Y. M. C. A. funds and soliciting your patronage is not asking anything unreasonable. Pinafore will be presented at the Brainerd opera house April 19th. Boy Scouts are handling the sale of tickets.

Best for Children

Experience proves that Foley's Honey and Tar is the best family medicine for children for coughs, colds,

croup and whooping cough. Mrs. M. E. Schlarb, 556 Oakland Ave., Ashland, Pa., writes: "When my little girl gets a cold I give her a dose of it and it always relieves her. I cannot praise it too highly." H. P. Dunn, druggist. mwf

U. S. SHIP FIRST TO LEAVE SOO

The Clover Opens Lake Shipping Season—Ice Breaking.

Sault Ste. Marie, Mich., April 10.—The government steamer, Clover, is down river looking over boom stakes and lights. It is the first boat to leave the Soo.

An easterly wind has broken up the remaining ice in the harbor. Open water extends to below the dike, Hay lake being entirely clear. Mud lake is black and the ice is badly honey-combed. There is no ice at Detour. In the upper river open water extends to beyond Iroquois point.

Whitfish reports that the easterly winds blew out the ice above the point but that northwesterly gales brought it back, but broken to bits.

3RD Liberty Loan Bonds

The boys in the trenches are listening today to learn how the folks at home subscribe the Third Liberty Loan. They are listening for the sound of the new Liberty Bell.

Each boy over there is wondering if **his** folks will be the first to buy Liberty Bonds.

He is looking across No Man's Land, facing death, that American homes may be safe from German brutality. He is enduring hardship and danger willingly that American Liberty and Justice may endure.

In front of him is the powerful, domineering German nation, mobilized to the last man — to the

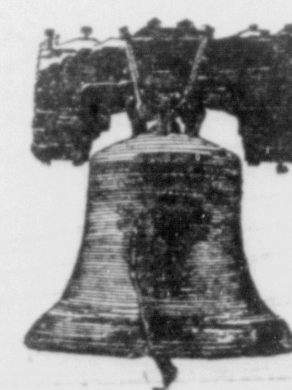

last ounce of strength—all experts in the fighting game.

Back of him, 3,000 miles away, are we, the folks at home — free, independent, perhaps critical.

“Over there” the boys have faith that we here at home will do our part—and our part right now is to buy Bonds of the Third Liberty Loan.

Have you answered the call? Have you rung the Liberty Bell as your forefather did in 1776, or are you saying: “Others can afford to do it better than I. I will let them fight my battles for me.”

The boys are listening.
